ADDENDUM TO DETERMINATION OF NONSIGNIFICANCE

DATED: December 14, 2009

Name of DNS: POINT NO POINT BOAT LAUNCH

Description of DNS: The site is approximately 3.47 acres and is currently used for recreation including RV parking, beach walking, and as an access point for recreational small craft boating (hand launch only). The site features several structures including seven small cabins that are no longer in use, one rental residence, a bathroom facility, and a large boat storage building. There is a steel-rail boat launch that, historically, was heavily used up through the 1990s but was closed in 2002 as it aged to the end of its functioning life. There are 19 RV hook-ups that provide electric, water and septic drainage areas that are typically used seasonally. The majority of the site has been cleared. The main driveway and other access to the cabins, RV parking, and beach access area are gravel with some sections of concrete near the house and boat storage building. The proposed project will consist of the following elements:

- Demolition and/or removal of the existing 300-foot (approx.) steel-rail boat launch.
- Installation of a new, elevated pre-cast concrete deck with light penetrating grating, self-service boat ramp
- Installation of a new paved site driveway, boat trailer staging areas, ADA accessible ramp, and drive lanes.
- Parking for 9 cars and 20 boat trailers will also be paved. Additional parking areas for 24 cars and 16 boat trailers will be constructed.
- Beach restoration in the northeast portion of the site.
- A new, ADA accessible, pre-manufactured restroom (12'x14') building.
- Other project features include installing landscaping consisting extensively of native plants and meeting Kitsap County requirements, and installation of a lockable gate.
- See complete details in checklist.
